

1987/88
Sun Sprouts first RDS
manufactured on site by
James Wotherspoon in our
new 1000 sq ft growing module
completed in time for our best
ever Christmas party!

Jan 1988
Shows construction of our
own design Rotary tray
system.

Back view of our design
shows chain drive of a
dual motor set up via a
cam clutch. This allowed
switching from 1 rev/hr growing
speed to 20 rpm harvesting speed.
